Turkish Housewives Tempted by American Gadgets, Kitchens

Turkish housewives envy their American counterpart and dream of modern kitchen filled with all the latest gadgets.

Professor Nijad Sirel, a recent visitor to Torrance explained the effect of American ideas in Turkey, at a recent dinner party in his honor at the home of Mr. and Mrs. Joseph Boylan, 2714 Grand Summit Rd.

Very excited about the Torrance and Konya sister-city program, Professor Sirel, expressed great interest in the local program. He was especially pleased to learn that the Turkish flag is flying here.

A sculpturer and teacher for 32 years, Professor Sirel was accompanied by his interpreter Julius Bing. Bing's aid in translating soon proved unneeded though when Boylans and their distinguished guest found a common bond in the German language.

Professor Sirel's first trip to America impressed him greatly. The vastness of the country, the buying power of the people, the buildings and the number of cars on the roads all amazed him.

Also present for the evening were Mr. and Mrs. Theodore Sheilds. Mrs. Ann Sheilds is a well known South Bay artist.

Mrs. Boylan collected a small gallery of canvases painted by local artists to enable the Turkish

guest to see some of the local work first hand.

For dinner Mrs. Boylan served a very American menu consisting of barbecued filet mignon with apple pie for dessert.

Professor Sirel was taken on a trip to Marineland in the afternoon by Mrs. Charles Goodenberger of the Redondo Beach Di-

anac. The visitor was introduced to his host and hostess through the International Relations program in cooperation with UCLA. Mrs. Clifford Trezise is the local representative of the program.

THE MAN WHO CAME TO DINNER can make an evening educational as well as lots of fun if he is from a far off land like Turkey. Pictured here with their foreign visitor are the Boylans of 2714 Grand Summit Road. From left, Mrs. Joseph Boylan, her husband and son Joseph, age 1 1/2, Professor Nijad Sirel of Turkey, Barbara Boylan, age 7, and Julius Bing, interpreter.

SNAPPY NEW UNIFORMS are on their way for members of the Torrance Area Youth Band Cadets. A check for the new uniforms is presented by Altrusa Club member Mrs. Osna Greene to James Van Dyck, director of the band, as members of the club and a cadet stand by. From left, Mrs. Irene Baker, Van Dyck, Mrs. Natalia Freeman, Mrs. Greene and band member John Friedmann, 8th grade.

Altrusa Club Helps Outfit Cadet Band

The Cadet Band of Torrance will soon be outfitted in smart new uniforms. Check for \$100 for purchase of the uniforms was presented to the Torrance Area Youth Band recently by the local Altrusa Club.

James Van Dyck, director of the band, hopes that the band will march in their new uniforms in the 1960 Tournament of Roses parade.

Altrusa is the first local service club to assist the band in purchasing the badly needed new uniforms.

The Altrusa Club is the oldest international women's service club but the youngest in our community, having been formed last January. Membership is restricted to executive and professional women on a limited basis. Mrs. Irene Davidson, president,

is a research chemist with Standard Brands.

The future plans of Altrusa include establishment of a psychiatric clinic, monthly visits to a special ward at Harbor General Hospital, adopted by Altrusa, and visits and donations to the State Hospital at Norwalk.

On March 15 a successful pancake breakfast was held at the

Torrance Civic Auditorium. It was the proceeds from this that were designated by Altrusa to be given to the Cadet Band.

30% increase in shipments per man-hour worked

Steelworkers' wages and employment benefits paid for by their employers have increased 288 percent in the last 18 years.

Earnings of the men who make steel are at the top level for all industry.

Also those steelworkers' earnings have increased faster than the average workers'.

But shipments of finished steel products per man-hour worked have not increased at any such pace—even with the help of billions of dol-

lars worth of improved equipment and processes installed by the steel companies. In the last 18 years steel shipments per man-hour worked have gone up only 30 percent.

Unfortunately this tremendous and growing gap between shipments and wages is inflation.

The big job for everybody is to help close the gap, not widen it. Until that is done nobody can win the fight against inflation.

The American Iron and Steel Institute brings you this message from the steel industry because

Inflation robs us all

Show, Picnic Dates Set by Fuchsia Society

The annual state picnic of the California National Fuchsia Society will be held in Redondo City Park, Pacific Ave. and Torrance Blvd., May 3, under the supervision of the Gardena Branch.

A "Little" Fuchsia and shade plant show has been scheduled by the group for June 8 with members exhibiting.

Helen Goodman of Los Angeles will show colored slides of "Garden Club Tours to Mexico" at the April 13 meeting of the Gardena society, at the Woman's Club House, Gardena.

Following the slides Misses Jo Ann Bowlus and Judy Lark will present piano solos and birthday honors will be given Caterina Guilfré, Ann Williams and

League to Meet

The annual meeting of the League of Women Voters of Palos Verdes Estates, which includes residents of the entire South Bay area, will be held tomorrow, April 13, from 10:30 a.m. until 2 p.m. at La Venta Inn, Palos Verdes Estates.

This year local League Day is planned, with the theme "You Are the League." This is the League members' opportunity to make their voices heard in decisions concerning the future of the local League.
